The XXII North American Testis Workshop  
April 10 – 13, 2011  
Preceding the American Society of Andrology Annual Meeting, April 13 – 16, 2013

Chair: William Wright, PhD, Johns Hopkins University

Abstracts to the 2015 Testis Workshop will be submitted via the web site for the American Society for Andrology. The link to the 2013 North American Testis Workshop will be posted on the ASA website later this year.

Abstract Submissions Open: September 1, 2012, noon CT  
Abstract Submissions Close: January 14, 2013, noon CT

PROGRAM HIGHLIGHTS

April 10, 2013

Keynote Address
David Zarkower, PhD, University of Minnesota

April 11, 2013

Benchmark Lecture
Michael D. Griswold PhD, Washington State University

Session I  
Topic: Regulation and Restoration of Fertility in Mice
John K. Amory, MD, University of Washington  
Renee A. Reijo Pera, PhD, Stanford University  
Debres J. Lamb, PhD, Baylor College of Medicine

Session II  
Topic: Genome Integrity
Masika A. Ward, PhD, University of Hawaii at Manoa  
Chastity A. Walter, PhD, University of Texas—San Antonio  
James F. Amatruda, MD, PhD, University of Texas—Southwestern  
Scott Keeney, PhD, Memorial Sloan-Kettering Cancer Center / Howard Hughes Medical Institute

April 12, 2013

EMBC Young Investigator Lecture
Antoine H.F. M. Peters PhD, Friedrich Miescher Institute

Session III  
Topic: Regulation of Gene Expression by Transcription Factors and Imprinting
Richard N. Freiman, PhD, Brown University  
Sarah Gimmins, PhD, McGill University  
Margaret T. Puller, PhD, Stanford University

Session IV  
Topic: Somatic Cells
Jeffrey J. Lysiak, PhD, University of Virginia  
Robert Braun, PhD, The Jackson Laboratory  
Mario Ascoli, PhD, University of Iowa  
Kenneth S. K. Tung, MD, University of Virginia

April 13, 2013

Session V  
Topic: Stem Cells and their Niche
Shosei Yoshida, MD, PhD, National Institute for Basic Biology, Japan  
Jon M. Oatley, PhD, Washington State University  
Erika Matunis, PhD, Johns Hopkins University  
Ina Dzirbonski, MVSc, PhD, University of Calgary

Additional Program Information:
- Poster sessions will take place from 5:30 p.m. – 7:40 p.m. on April 11 and 12
- Ten short talks from submitted abstracts
- Travel awards will be available for young investigators
