

The WHO handbook on semen analysis (5th edition) is now also available in German.

The editing and translation of the German version was performed by Dr. E. Nieschlag, Dr. S. Schlatt , Dr. H.M. Behre and and Dr. S. Kliesch. Additional co-workers of CeRA, which is the WHO collaborating Centre for Research in male fertility, have helped with the translations.

Details and order instructions for the handbook can be found here:
<http://www.springer.com/medicine/urology/book/978-3-642-21122-5>.
The book is only available as printed version and was published by Springer.

It costs Euro 19.95.
